

Conceptus®

MATERIALS IN THE ESSURE SYSTEM (ESS305)

The Essure System is a **Latex Free** device. The Essure System is composed of the following materials:

Metals: Nickel-Titanium Alloys
Platinum with 10% Iridium
Stainless Steel Alloys
Silver Solder
Gold

Polymers: Acrylonitrile Butadiene Styrene (ABS)
Polytetrafluoroethylene (PTFE)
Polyvinyl Pyrrolidone (PVP) Hydrophilic Coating
PET (Polyethylene Terephthalate) Fibers
PET (Polyethylene Terephthalate) Shrink Tubing
Pebax
Carbothane
